

## **Credit Union Foundation of Maryland & DC Scholarship Program**

The Credit Union Foundation of Maryland & DC is offering tuition reimbursement scholarships to Maryland and D.C.-based credit unions with under \$75 million in assets to attend training courses that improve service to their members and communities.

Under the program credit unions may apply for a 75% tuition reimbursement for staff or volunteer training fees for programs that enable the credit union to better serve their members and communities. Total annual tuition reimbursements are limited to \$750 per credit union. The total pool of tuition reimbursement funding is limited to \$10,000 in 2010.

Tuition reimbursements may be requested for training provided in person or online. Applicants may determine which training providers and which training modalities best suit their needs.
